

# The Silencing of God Seminar

“The Silencing of God” seminar is designed to awaken Christians to the urgent need to recall our nation from the moral and spiritual depths to which she has plunged. It issues a stirring call to reaffirm the biblical values that are being systematically stripped from our public life.

The United States of America is undergoing swift transition as the liberal forces of “political correctness” and an unrestrained judiciary wages a vociferous culture war. Their objective: to expunge every manifestation of God, Christ, and the Bible from American life.

But America’s intimate connection to Christianity from the very beginning was embedded deeply in our public way of life. Though the adversaries of God have been steadily chipping away at our foundations for 50 years, many indications of our nation’s Christian heritage remain.

## The seminar addresses such questions as:

- Did the Founding Fathers advocate “separation of church and state?”
- Did the Founding Fathers oppose public expressions of religion?
- Did the Founding Fathers embrace “pluralism,” “diversity,” and “multi-culturalism?”
- Did the Founding Fathers advocate acceptance of all religions—or religious neutrality?
- Was America originally intended to be a “Christian nation?”
- What were the Founders’ views on homosexuality?
- Can America survive without Christianity?

### Speaker:

Dr. Dave Miller, the Executive Director of Apologetics Press, has authored articles and books, including *The Quran Unveiled*, *Sexual Anarchy*, *Piloting the Strait*, *The Silencing of God*, *Christ and the Continental Congress*, and a series of books that teach children how to read.
